Subject: Heska Patent Inventorship Issue

Dear Gek-Kee,

This is my third time sending this email; please respond in some fashion.

On October 13th, packages containing one or more Statement of Agreement Regarding Change of Inventorship were mailed to all of the inventors in the cases shown below. These Statements require the inventors signatures so that we may change the inventorship in the following two cases:

IM-2-C1 Canine IL-4 Proteins
- you and Matt Dreitz will be the inventors listed on this patent

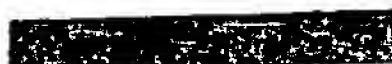

IM-2-C2 Canine IL-13 Proteins
- Shumin Yang will be the sole inventor listed on this patent

The packages containing these Statements were sent by certified mail and the package sent to you was signed for on October 15, 2003. All of the other inventors have returned their Statements; however we have not yet received the signed Statements from you. Please sign and return these forms as soon as possible so that we may begin the process of changing inventorship in the above-referenced cases.

If you have any questions regarding this matter or if you would like more information, please do not hesitate to contact me.

Sincerely,

Rich Stern, Ph.D.
